A special weight limit sign should be used to indicate such restrictions. The sign will be located immediately in advance of the section of roadway, pavement, or bridge to which it applies. In the case of an extended length of restricted roadway, pavement, or bridge, the sign will be placed on the right-hand side of the restricted roadway approximately 25 feet from any intersected road on which the restriction does not apply, so as to clearly be visible from all vehicles turning onto the restricted roadway. Supplementary signage may also be deemed necessary.

D. Violation & Penalty

Any person or entity who violates any of the provisions of this section shall be guilty of a violation, the penalty for which is to not exceed \$500. Should the roadway, pavement, or bridge sustain such damages as a result of the violator's act, such violators shall be liable for the cost of the repair as restitution for the damage.
